

Early-Stage Social Engagement Program

alzheimer's  association®

California Southland Chapter

The Early-Stage Social Engagement Program offers a fun and comfortable way for people living in the early stages of Alzheimer's or other dementias to get out, get active and get connected with one another through a variety of social events. Join us as specially trained Museum educators highlight themes, artists, and exhibitions during an interactive program in the Museum's galleries and classrooms. At least one caregiver/partner per participant. **Registration is required and limited.**
